## JOB APPLIED FOR

### Software developer

## WORK EXPERIENCE

---

3 Mar 2018–Present

### Front end Architect

Future Workshops, BARCELONA (Spain)

- I am leading the web development projects. This projects range from classic MVC apps to React progressive web applications.
- I wrote and established a set of good practices and workflows for the web development department. I'm responsible for finding new tools and technologies for the web development projects plus giving time estimations and advice for new incoming projects or possible new candidates for the webdev department.

I work mainly with:

- Client side: React, Redux, TypeScript, SASS, Jest, Webpack
- Server side: Ruby on Rails, Sinatra, postgresSQL, Node.js, AWS Mobile Hub
- CI/Miscellaneous: Codeship, RollBar, Docker, GitHub, AWS

2 Sep 2017–2 Mar 2018

### Front end Architect

Universitat internacional de Catalunya (UIC), BARCELONA (Spain)

- I prepared, tested and established the front end technologies that the development team is using to build the new university applications that both employees and students will use in the near future.
- I was leading the front end side of this applications choosing which technology to use and also building the Apps themselves with React/Redux, Sass, Webpack, Jenkins, Docker, JWT etc...

4 Apr 2017–1 Sep 2017

### Front end Developer

Putput Comunicacions, BARCELONA (Spain)

I've developed new features and front end solutions for multiple websites and applications.

- Design and implement new features
- Build responsive websites
- HTML5/CSS3/Sass/Bootstrap
- Javascript/jQuery
- CMS: Wordpress, Drupal & Liferay
- Multimedia: Adobe Creative Cloud / Sketch

3 Apr 2016–3 Apr 2017

### Community manager

Transports Metropolitans de Barcelona (TMB), BARCELONA (Spain)

- Attend Twitter and mail requests
- Social media analysis.
- Manage and create web content
